Marine

**A DISTINGUISHED PAST -
A BRIGHT FUTURE**

SHIP REPAIR
SHIP CONVERSION
DRYDOCKING

A&P MARINE IS A LEADING ENGINEERING SERVICES AND FABRICATION GROUP PROVIDING A RANGE OF ROBUST SOLUTIONS AND MULTI-DISCIPLINED SERVICES TO THE GLOBAL MARINE SECTOR.

With a rich heritage in ship repair, conversion and marine based services, A&P continue to lead the way as a recognised, major force in the marine industry.

A&P has a strong future and continues to set global standards for competitive prices, safety, environmental control and quality of work.

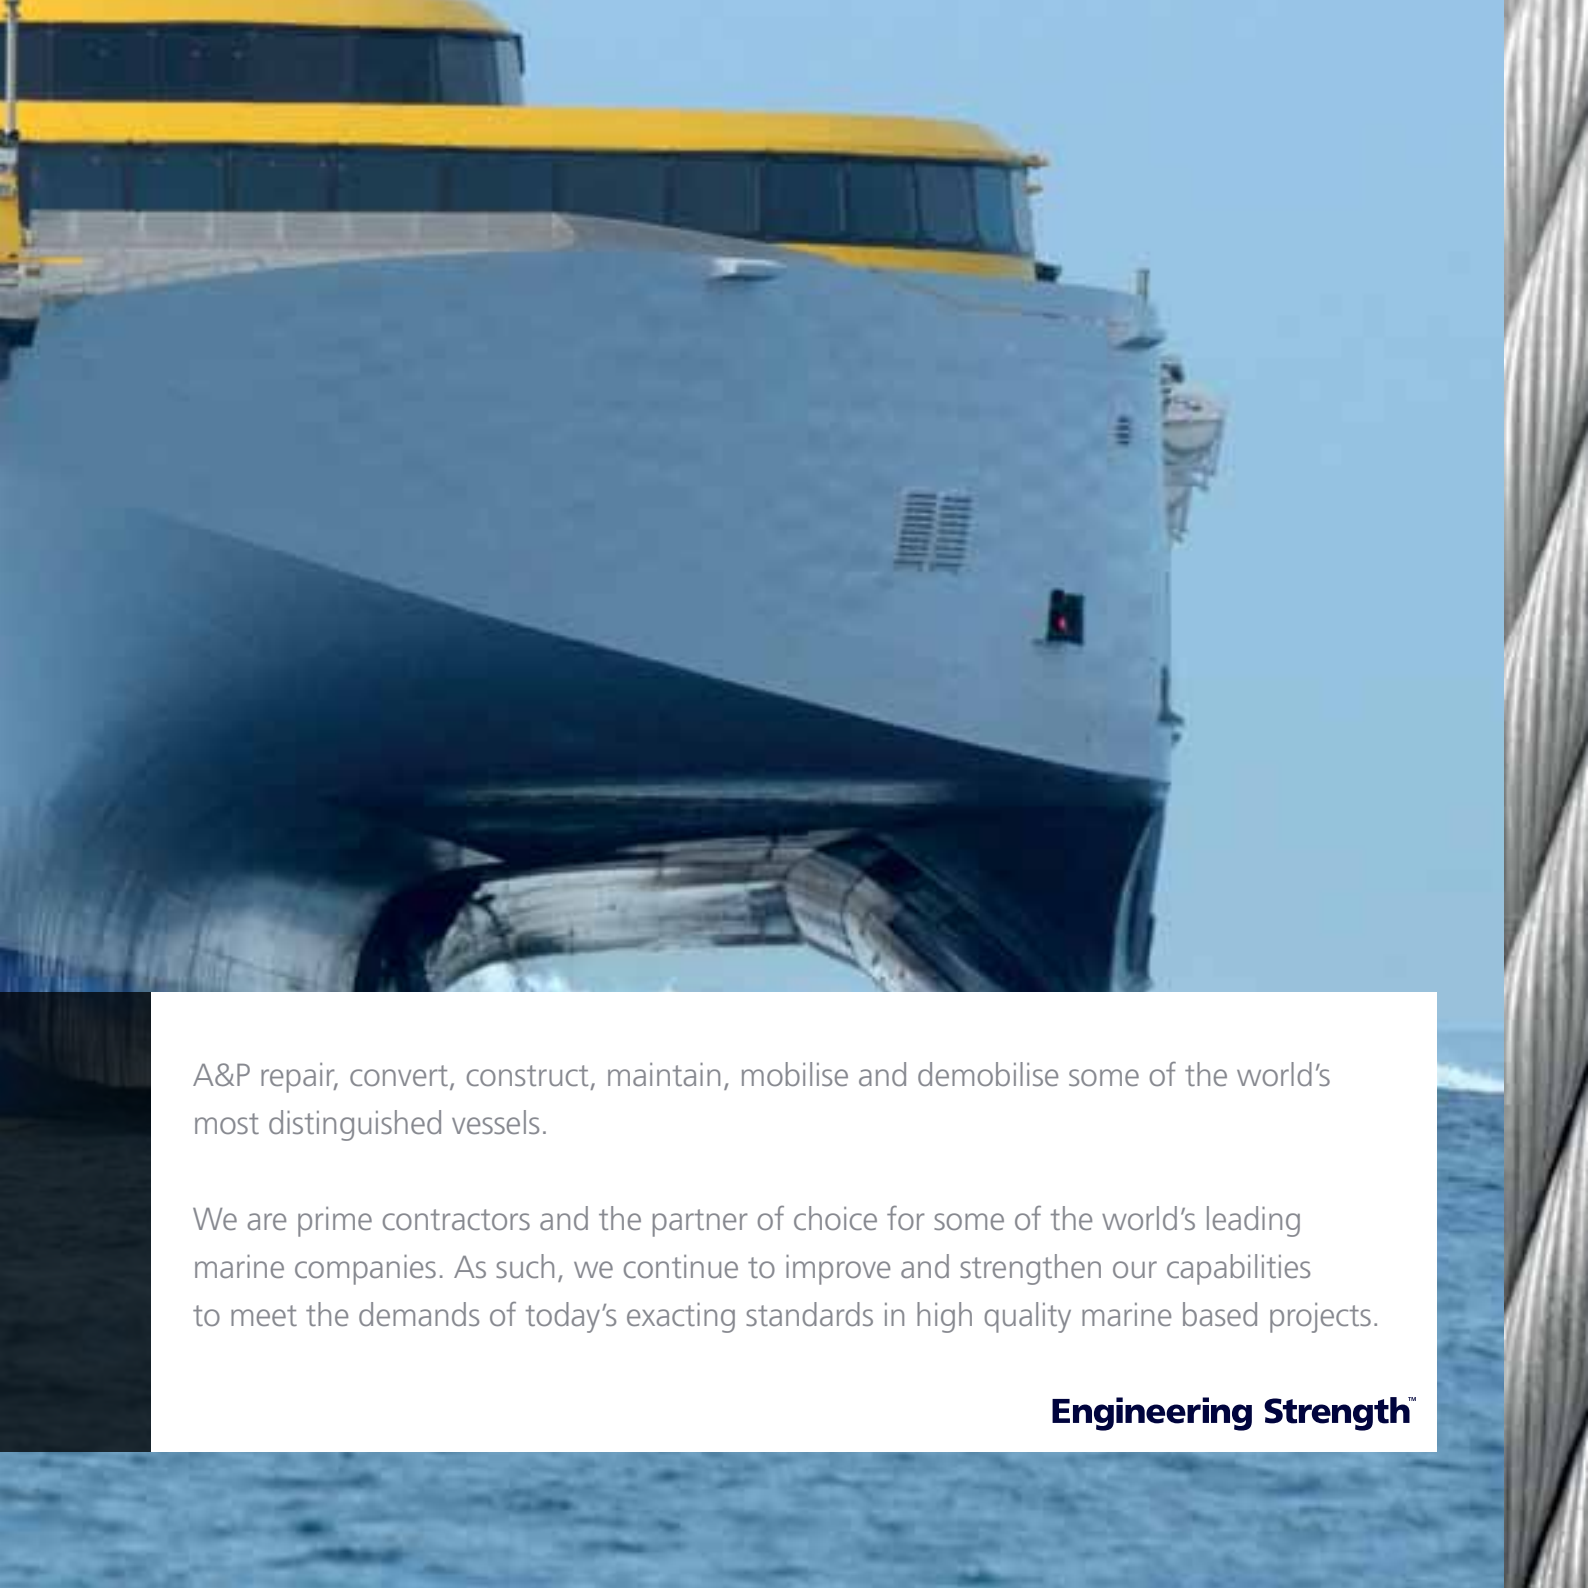

Engineering Strength™

DELIVERING NEXT GENERATION MARINE SOLUTIONS

**FROM EMERGENCY DOCKINGS TO 25-YEAR SURVEYS,
WE PROVIDE SOLUTIONS FOR A DIVERSE RANGE OF
MARINE ENGINEERING AND FABRICATION PROJECTS.**

A&P repair, convert, construct, maintain, mobilise and demobilise some of the world's most distinguished vessels.

We are prime contractors and the partner of choice for some of the world's leading marine companies. As such, we continue to improve and strengthen our capabilities to meet the demands of today's exacting standards in high quality marine based projects.

Engineering Strength™

MAINTAINING MARINE DEFENCE ASSETS AROUND THE GLOBE

**A&P MARINE IS PROUD
OF ITS ROLE AS A MAJOR
CONTRACTOR TO THE
UK MINISTRY OF DEFENCE
(MOD) AND OVERSEAS
NAVIES.**

A&P are a key partner in the construction of the new Queen Elizabeth Class aircraft carriers. We are also at the forefront of an on-going initiative to provide whole ship maintenance on a long-term basis as part of the MoD 'Readiness and Sustainment' programme.

We support government to government sales with the delivery of ex-Royal Navy and RFA vessels to overseas navies by providing cost effective regeneration programmes.

Engineering Strength™

STRENGTH TO DELIVER

FALMOUTH
TEES
TYNE

**A&P MARINE OPERATES
THREE MAJOR
STRATEGICALLY PLACED
SHIP REPAIR, ENGINEERING
AND FABRICATION
FACILITIES ACROSS THE UK.**

With seven fully operational large-scale dry docks and deep water berthing for vessels of up to 100,000 tonnes we have the capacity to accommodate the most demanding vessel related works. We are proud to offer some of the best-equipped marine services facilities in the world.

Working collaboratively with our clients, we apply flexible working patterns, appropriate skills, techniques and materials to reduce costs and complete projects in the shortest possible timeframe.

Engineering Strength™

DELIVERING BEYOND EXPECTATIONS

OUR DIVERSIFIED SKILL-SET AND 'CAN-DO' ATTITUDE IS CONSTANTLY RECOGNISED AS WE CONTINUE TO SUCCESSFULLY DELIVER A MULTITUDE OF COMPLEX MARINE BASED SERVICES.

We invest in our people and promote a culture of safe behaviour, quality workmanship, effective health and environmental responsibility. A&P are certified to ISO standards 9001, 14001 and 18001, operating openly, honestly and with the highest regard for minimising the environmental impact of our activities. Through our own adaptability, resourcefulness and the expertise of our people, we will continue to lead the way in the services we provide - delivering beyond our clients' expectations.
